

Eifel

Outdoor ripstop jacket

1SJVA2PTH

The Eifel outdoor ripstop jacket is not your average working jacket. It's the answer to all occasions on which you need a heavy-duty working jacket. It has an extremely high wear and tear resistance thanks to the full ripstop and waterproof reinforcements on the shoulders, arms, front and back. The Eifel is EN 17353 type A certified, meaning that it offers enhanced visibility in daylight conditions. In addition, a large chest pocket, phone pocket and multiple inset pockets give you plenty of storage space. The game pocket at the back is even large enough to store a water bottle.
